OpenIV ModPacker

How to install?

1) copy paste all Mods in the Mods folder of ModPacker Program (by Default : "C:\Users \[UserName]\Documents\ModPacker"
Note: to add files to "[fileName].rpf" just create a new folder named "[fileName].rpf" and paste your files inside

2) run ModPacker.exe

3) change the Settings you want

4) hit "Create Package" Button
